

Offsight

Setting Fast Growing Manufacturers Up for Success

Our fast growing customers are rapidly scaling their production and workforce, implementing Offsight has set them up for success.

Manage Evolving Production Needs

Easily build and reconfigure your production workflow for your evolving process

Streamline Hiring and Scale Your Workforce

Offer new hires Offsight's mobile platform to accelerate training and onboarding

Manage Growing Materials and Inventory Costs

Easily manage material and inventory costs to meet your growing demand

Provide Crucial Reporting to Clients

Leverage reporting to provide clients with visibility and confidence

CRATE Modular has more than doubled our workforce and business over the last year. Implementing Offsight early has set us apart by allowing us to easily scale and manage our growing production needs, attract new talent and scale our materials and workforce needs, while managing costs.
